

Republic of PRONKS

Ref No. P-22/L2001-LEF2023

Date: 10th August 2023

Dear Honorable Members of the Kosovo Assembly,

I am writing to you today to propose a name change for the capital city of Kosovo, from Pristina to Priestina. I believe that this name change is justified for several reasons:

1. The current name of the city, Pristina, is of Serbian origin. This is a source of contention for many Kosovars, who see the name as a symbol of Serbian occupation. A name change to Priestina would reflect the Albanian heritage of the city and its people.
2. The current name of the city is difficult to pronounce for many people, both native Albanian speakers and foreigners. A name change to Priestina would be easier to pronounce and remember for everyone.
3. The current name of the city is often misspelled and mispronounced. A name change to Priestina would help to standardize the spelling and pronunciation of the city's name.

I believe that a name change to Priestina would be a positive step for the capital city of Kosovo. It would reflect the city's Albanian heritage, make it easier to pronounce and remember, and help to standardize the spelling and pronunciation of its name. I urge you to consider my proposal and to vote in favor of a name change to Priestina.

Thank you for your time and consideration.

Sincerely,

Her Highness
Pronks
President
